

Guest Speaker
John Holbourne
“Indigenous Trails That
Traverse North America”

Thursday April 11, 2024

John’s presentation includes the history of how trade goods moved through ancient pathways, trading patterns in the Grimsby area and how current trails reflect those patterns. Beamer Trail and how the master plan for trails affects our local trails will also be discussed.

John has been a member of the Grimsby Historical Society for many years. He currently resides at the entry to Beamer Trail, on the site of a grist mill and a saw mill. His work on the trail has been ongoing, specifically in the wetland areas – concentrating on drainage and rehydrating the land.
